

New Moon Sister Circle
Thursday February 15, 8-9:30pm
With Charity Kahn & Maggie McCloskey

The new moon is a powerful time of initiation, when cosmic energies are working with us to replenish resources, begin new projects, reassess commitments, and start fresh.

Our theme for the February New Moon in Aquarius is "Inspired Vision: I serve the world with love and wisdom."

We'll meditate, practice healing movement, chant, share and explore both introspectively and together in sacred community.

Bring if you so desire: journal + object for the altar
